# BER 4 150 Spindle Moulder

- Accurate
- Robust
- Quickly Set-up

- Safe
- High Output
- Reliable

#### The Fence

The fence made of ground metal for maximum life is very easily adjusted and has a micro setting for speedy accurate set-ups. Guards and dust chute are provided as standard. (Extraction removed for clarity).

#### The Worktable

The large worktable with ground surface and four quickly removable rings supports timber over the full range of cutter sizes (up to 340 mm) ensuring a good finish on all jobs, large or small.

#### Speed changes and lubrication

Speed changes are simple and quick, a single lever slackening or tensioning the belt. Lubrication points are very accessible being grouped together on a small panel for speed and convenience.
